

Hose Utility Pump

36-inch Pump x 72-inch Hose

Ideal for Quick Removal of Water

This pump is used for removing water from valve boxes. It also functions as a general purpose pump for a number of other uses in water transfer. This Landscape Products hand pump is lightweight, non-sparking and doesn't need priming.

Features

- Self-priming, lightweight utility pump
- High strength, ergonomic handle can withstand extreme temperatures and harsh usage
- 36-inch pump provides quick removal of 1 gallon in 4 strokes
- Steel shaft resists rust/corrosion and improves strength
- Flexible discharge hose for directing water evacuation
- Removable intake foot for easy cleaning

Instructions for Use

- Assemble hose onto outlet tube by turning counterclockwise
- Insert foot into water and begin pumping

To Clean Pump

- Unscrew and remove pump foot
- Clear out any debris from pump foot and shaft
- Screw pump foot back onto bottom of pump
- Pump one (1) bucket of clean water to ensure all debris has been filtered out
